

AYORA VILLAS

A Private Sanctuary in Cemagi, Bali

3 Bedrooms · Private Pool · Sauna & Gym · 300m to Beach

Starting from €330,000

Cemagi, Bali · Legal Short-Term Rental · One Unit Remaining

THE VISION

Where Tropical Living Meets Contemporary Design

Ayora Villas is more than a residence — it is a carefully crafted retreat designed for those who seek the perfect balance between laid-back island life and modern sophistication. Set in the quiet village of Cemagi, just 300 metres from the coastline, the villas capture the essence of Bali's south-west coast: lush greenery, unhurried mornings, and golden sunsets that stretch across the Indian Ocean.

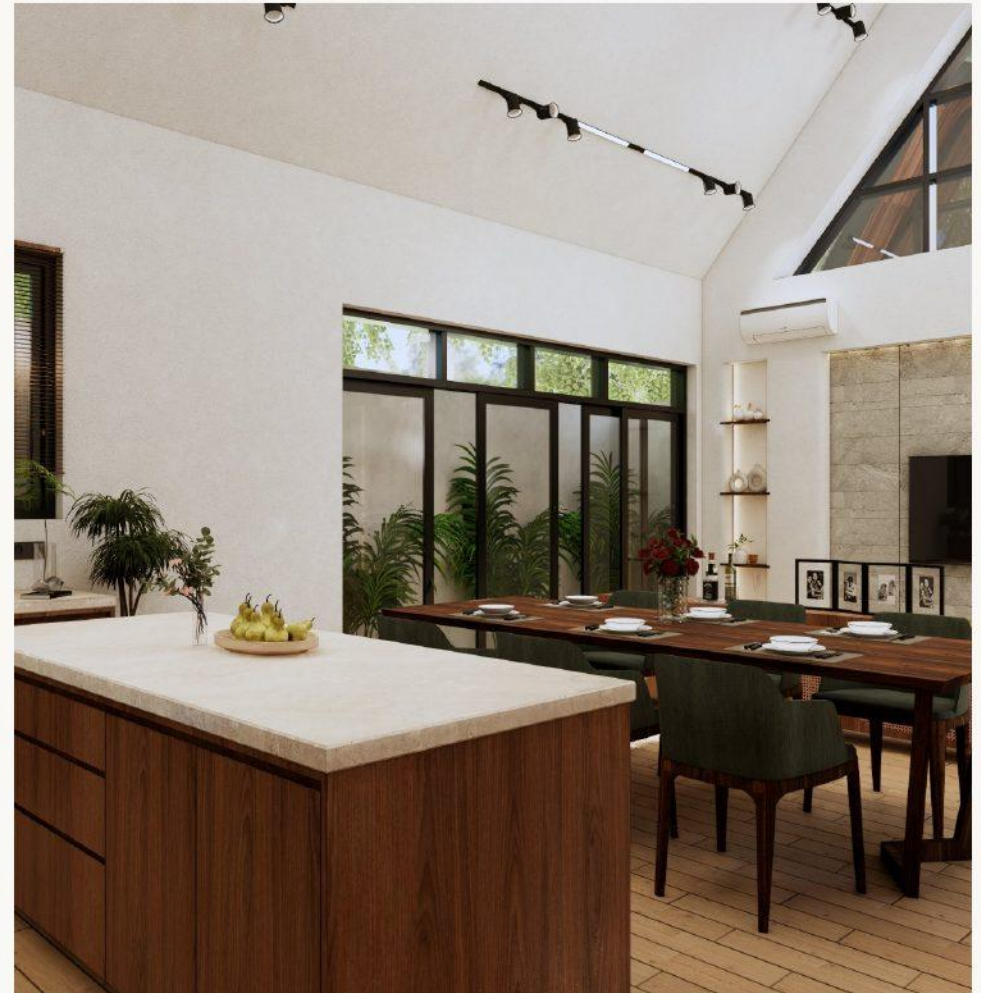

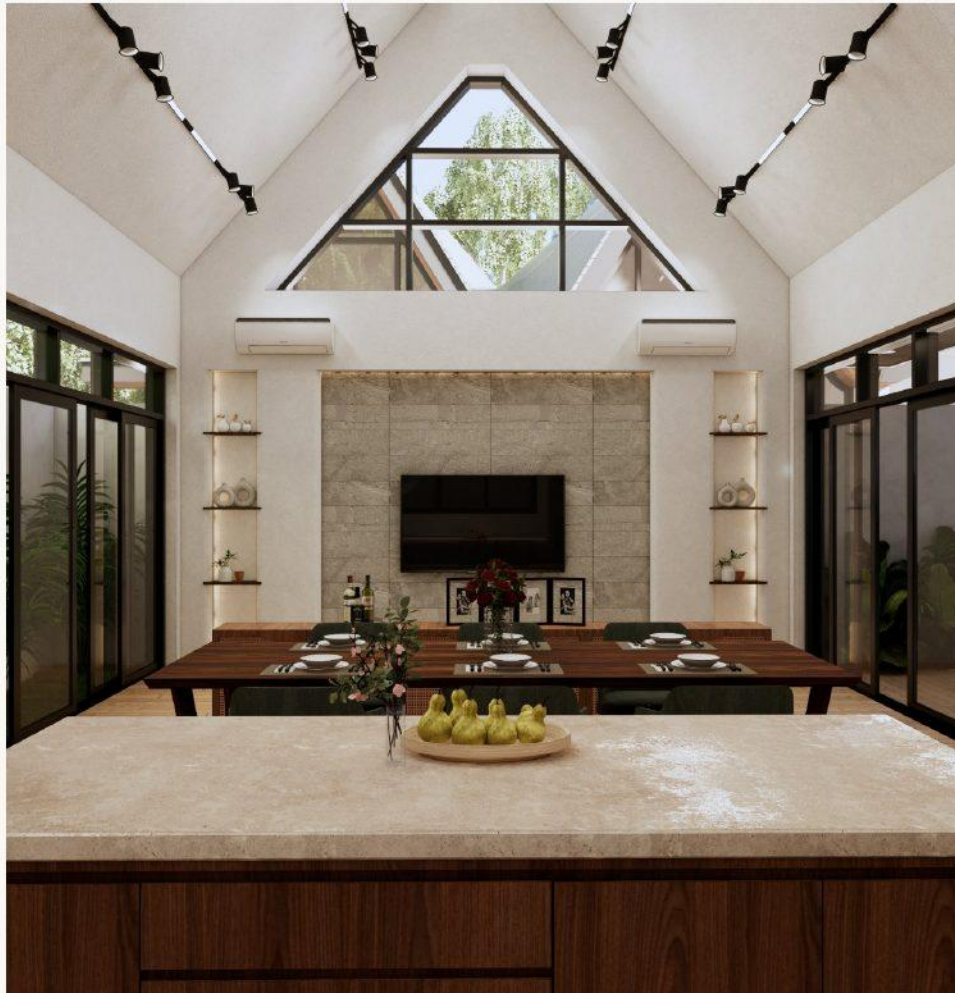

THE CONCEPT

Conceived as a compact luxury villa optimised for holiday living and short-term rental, Ayora prioritises generous shared spaces over oversized bedrooms. The dramatic double-height living and dining area, crowned by a pitched roof with triangular skylight, forms the heart of the home — a space designed for gathering, entertaining, and creating lasting memories.

LIVING & DINING

The Heart of the Home

At 47 sqm, the open-plan living and dining area is deliberately generous — a soaring double-height space with cathedral ceilings, black steel track lighting, and a striking natural stone TV feature wall with integrated ambient lighting that bathes the entire room in a warm, inviting glow. Floor-to-ceiling glass doors dissolve the boundary between interior and garden, flooding the space with natural light and tropical breezes.

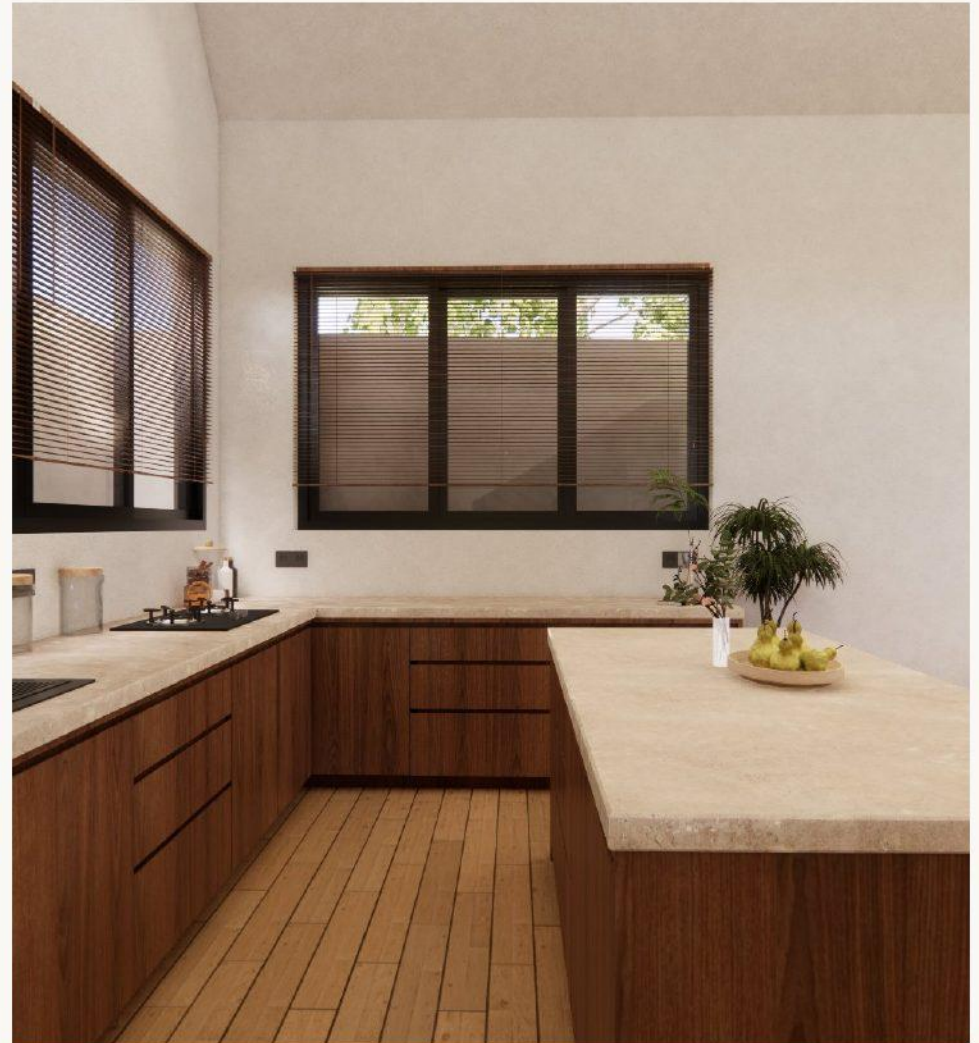

Walnut timber cabinetry · Natural stone countertops · Integrated gas cooktop · 6-seat dining table · Cane & timber furniture · Split-system AC

KITCHEN

Designed for Culinary Experiences

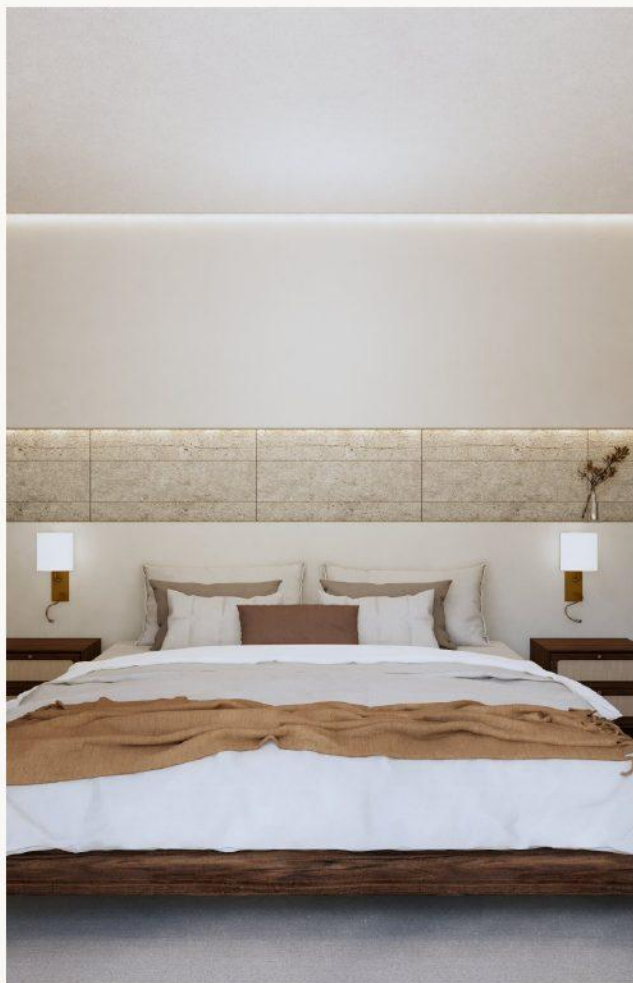

The L-shaped kitchen with generous island counter is finished in warm walnut timber and natural stone, providing ample workspace for everything from casual breakfasts to dinner parties. Timber venetian blinds filter the tropical light, while the seamless flow into the dining area keeps the chef connected to the conversation.

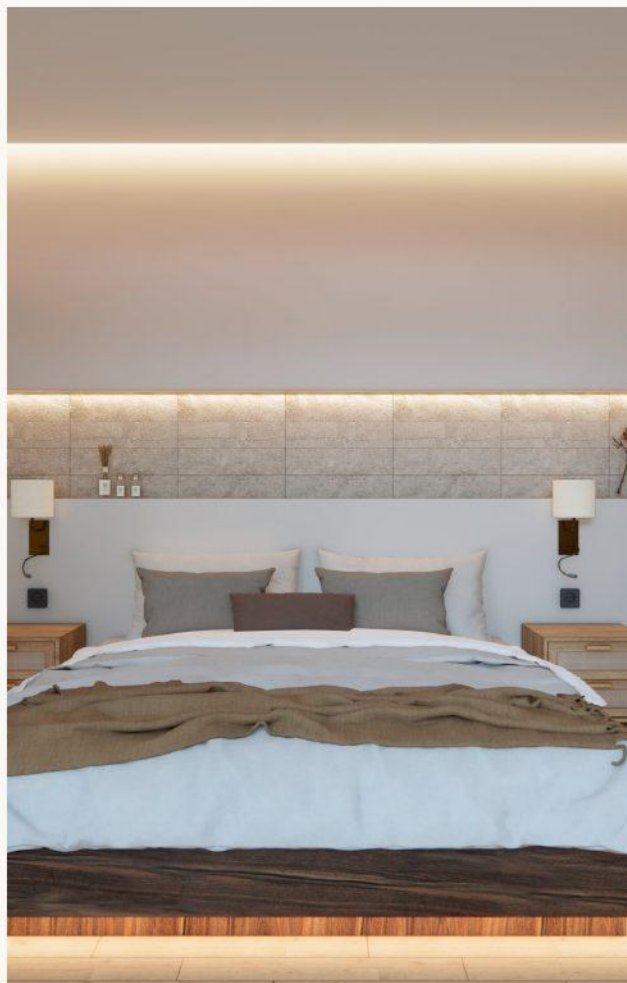

BEDROOMS

Two Master Suites & Guest Room

The villa features two master bedrooms on the upper level and a guest bedroom on the ground floor, each 18 sqm with a full en-suite bathroom. The master suites include recessed stone headboards with integrated LED lighting, dark timber wardrobes, and premium bedding. The ground-floor guest room opens directly onto the pool terrace through full-height sliding glass doors — wake up, step outside, swim.

Master Bedroom 1

Master Bedroom 2 — Upper Level

Guest Room — Pool Access

EN-SUITE BATHROOMS

Resort-Grade Bathrooms

Each 7.2 sqm en-suite bathroom is finished in natural stone tile with warm timber accents, matte black fixtures, and recessed LED niches. The master bath includes a soaking tub and rainfall shower, while all bathrooms feature wall-hung toilets, floating vanities, and generous storage.

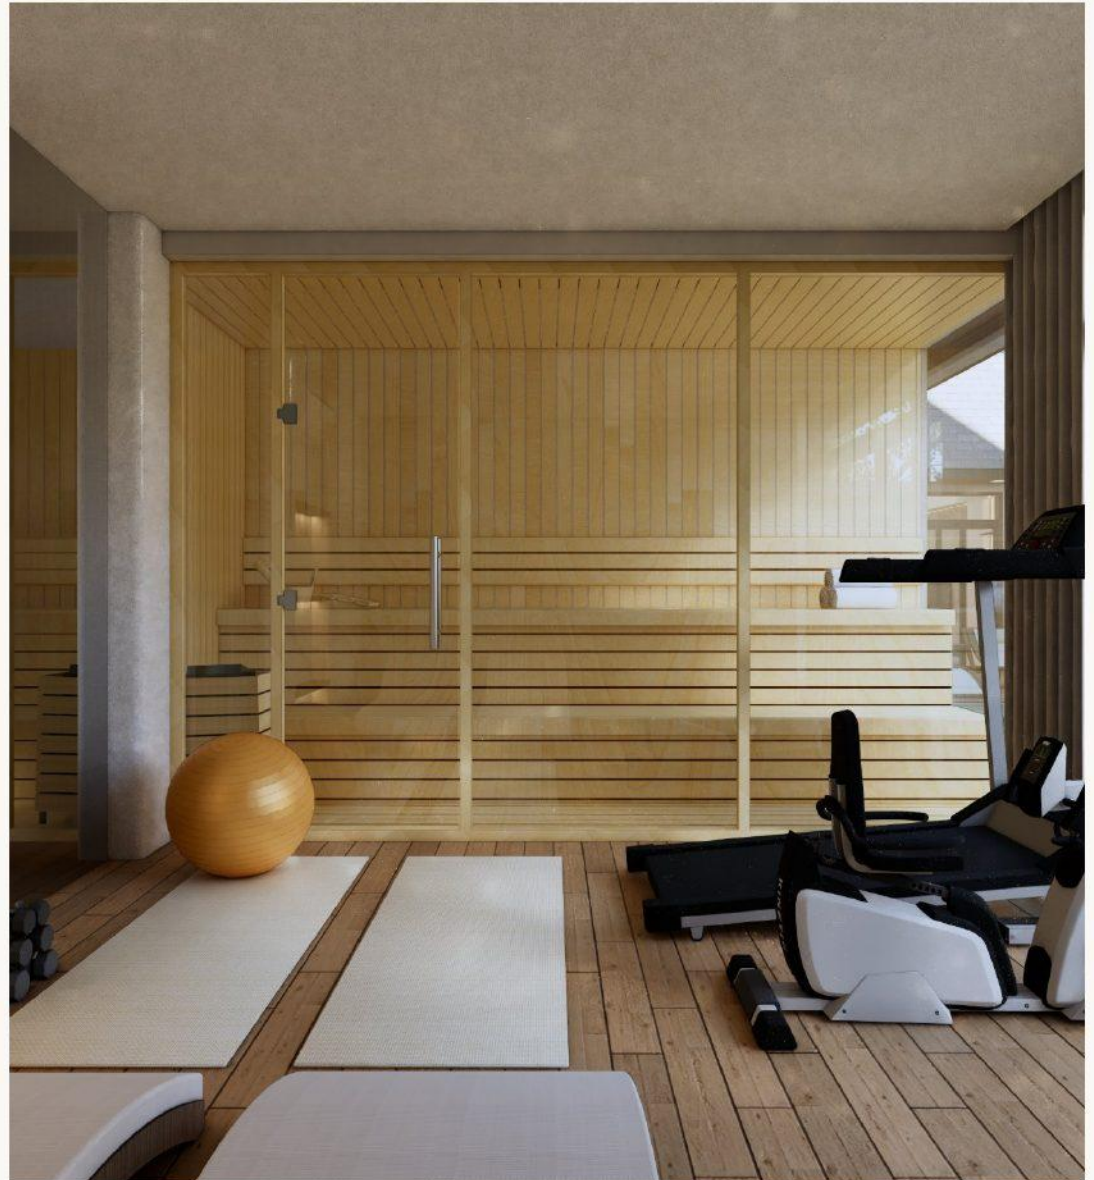

WELLNESS

Private Sauna & Fitness Studio

A standout feature for holiday guests and long-stay residents alike: the integrated Finnish sauna and fully equipped fitness studio open directly onto the pool deck. Move from workout to sauna to pool in seconds — a wellness circuit typically reserved for five-star resorts, now in the comfort of your own home.

Optional: Convert to 4-bedroom layout — spa area becomes fourth bedroom.

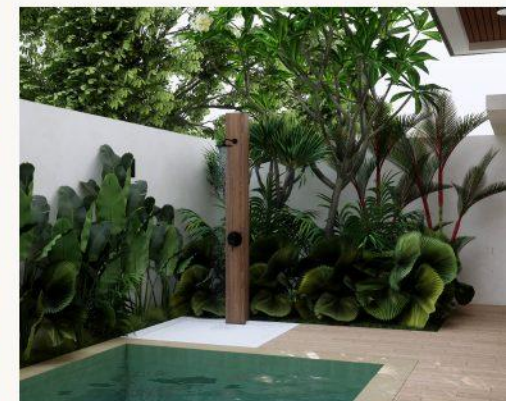

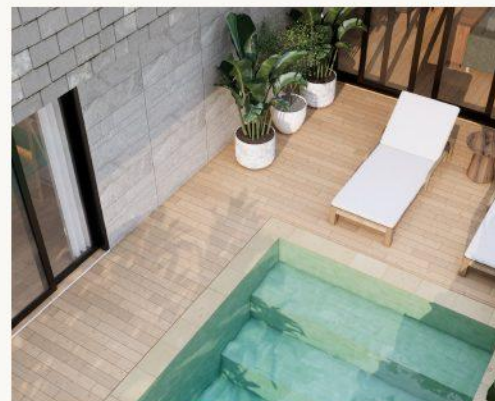

OUTDOOR LIVING

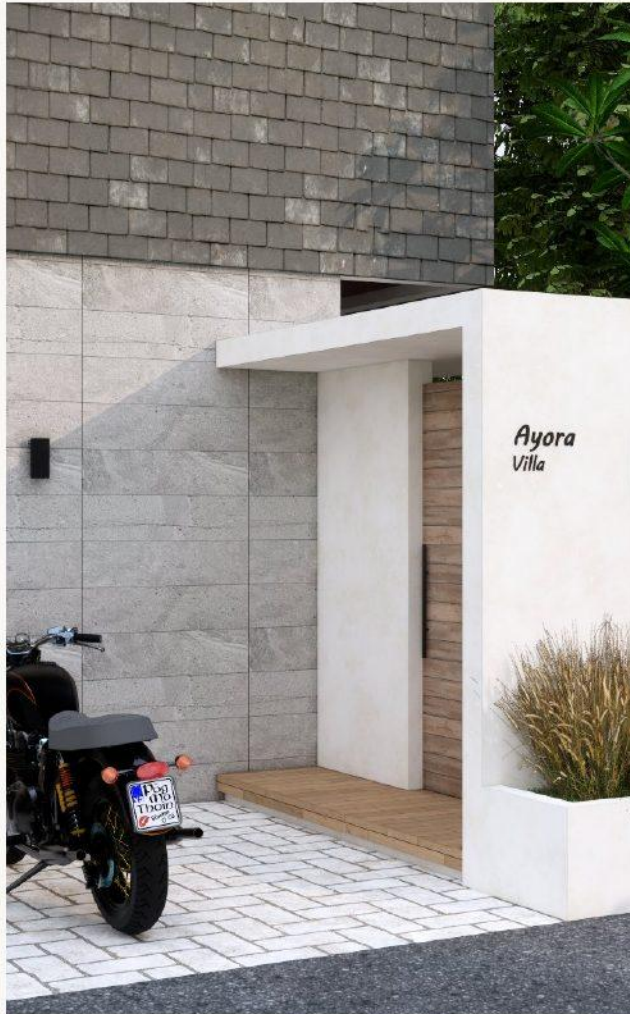

Your Private Poolside Retreat

The private swimming pool, flanked by sun loungers and lush tropical planting, forms the villa's outdoor centrepiece. An outdoor shower surrounded by heliconia, banana palms and frangipani trees creates a secluded garden atmosphere. Stone-clad facades and warm timber decking complete the resort-level finish.

Contemporary Tropical Form

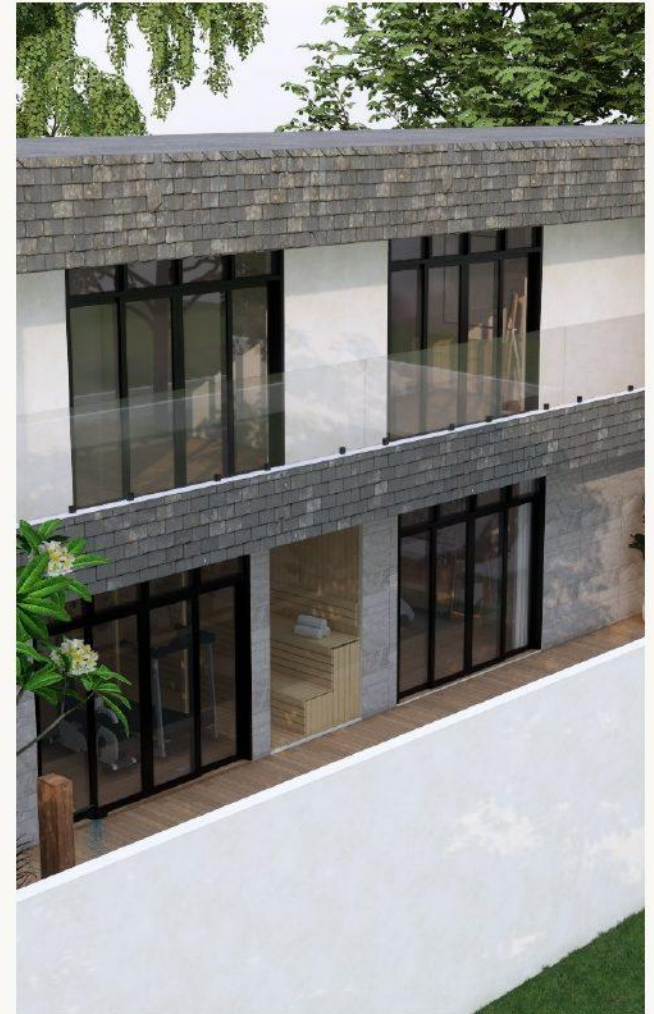

The pitched slate roof and natural stone facades give Ayora Villas a distinctive architectural identity — modern yet grounded in its tropical context. The street-facing elevation is deliberately understated, with privacy walls, ornamental grasses, and a timber entry gate concealing the luxury within.
